The aim of speciality "Tourism" in English for students is to master English as language of international communication, to acquire professional terms, set phrases and to gain skills of their fluent usage in specialized environment - tourism business, tour activity, hotel and restaurant management. The aim is achieved as a result of students' studying fundamental, natural-scientific and economic disciplines in English during 22-28 hours per week, while the time set to learning foreign language in Russian groups is 8 hours.

Professional level of teaching subjects in English is confirmed by Certificate BEC, Cambridge University. A few lecturers have experience of teaching in the USA - The University of Arizona, Tucson, Arizona.

For delivering lectures and seminars professors and lecturers from universities all over the world are regularly invited: University Lumière Lyon 2, University of Applied Sciences Upper Austria, Vienna University of Technology, Masaryk University.

Students are invited to participate in conferences (including on-line) and special events - annual tourist exhibitions, volunteer programs, organization of business meetings, negotiations and travelling, all this involve students in communication with native speakers of foreign languages.

On the basis of cooperation with the Department on International Cooperation of Kharkiv City Council, overseas practice in 5-star hotels of Turkey (Gaziantep) and Greece is organized.

**Welcome to acquisition of professional skills in tourism industry, improving foreign language skills and getting the best experience of professional communication and cooperation!**
