Assessment system of learning outcomes

A student should be considered certified if the sum of points obtained as a result of the final / semester examination is equal to or exceeds 60. The final grade in the discipline is calculated taking into account the points obtained during the current control of the accumulative system. The total result in points for the semester is: "60 or more points - credited", "59 or less points - not credited" and is entered in the test "Statement of success" of the discipline. The maximum score for the current test (during the study of discipline 2 PKR) is 10 points. More detailed information on assessment is given in the technological map of the discipline.

More detailed information on assessment is given in the technological card of the discipline.

Accumulation of rating points in the discipline (example)

Types of training	Max points
Active classroom work of students in lectures	12
Active work of students in practical classes	12
Doing homework	16
Current KR	20
Research activities of students (writing and publishing scientific articles, participation in conferences)	10
Creative (individual) task	10
PRESENTATION	20
Max points	100

Transference of Simon Kuznets KHNUE Characteristics of Students' Progress into the System of the ECTS Scale

35 – 59	FX		
1 – 34	F		

Discipline policies

Academic Integrity Policy - Every student must adhere to academic integrity.

Class omission policy - working off missed classes according to the teacher's consultation schedule.

The policy on the implementation of tasks later than the deadline - the evaluation of tasks at the end of the period is based on the principle of reducing the maximum score by 50% of the maximum possible for a particular type of educational work

More detailed information about competencies, learning outcomes, teaching methods, assessment forms, independent training is given in the Syllabus (working plan) of the educational discipline (://pns.hneu.edu.ua/course/view.php?id=5655).

Syllabus approved at the meeting of the Department of International Economics and Management of Foreign Economic Activity. Protocol №1 from 28.08.2020
